**Professor, Ophthalmology**  
**Kellogg Eye Center**  
**University of Michigan**  
**“Follow the Money: Ethics and Morality in Physician-Industry Relations”**

Dr. Lichter specializes in glaucoma, cataract, and anterior segment diseases. He received his undergraduate and medical degrees from University of Michigan Medical School followed by an internship in San Francisco at Presbyterian Hospital, a predecessor to what is now Pacific Medical Center. A Howe Medal recipient (American Ophthalmological Society), he undertook a fellowship at the University of California – San Francisco, under the late renowned Dr. Robert N. Shaffer. From 1978-2012, Dr. Lichter served as Professor and Chair in the Department of Ophthalmology – at the University of Michigan. He was the 100th President of the American Academy of Ophthalmology, Editor-in-Chief of the journal “Ophthalmology”, and Associate Editor of the “American Journal of Ophthalmology”.

**Professor, Ophthalmology**  
**University of California**  
**San Francisco**  
**“Topic: TBA”**

Dr. Schallhorn specializes in cornea and has participated in a variety of studies focused on the safety and effectiveness of refractive surgery, with special emphasis on the evaluation of vision quality. After graduating from Colorado State University, he entered the U.S. Navy in 1977. Trained as a F-14 naval aviator, he was selected and served as a Navy Fighter Weapons School instructor and founded the Department of Defense refractive surgery program. Dr. Schallhorn completed his medical degree at the Uniformed Services University of Health Sciences, residency at the Naval Medical Center San Diego and cornea fellowship at the Doheny Eye Institute, University of Southern California. He routinely receives consultation requests including NASA where he was instrumental in the NASA approval of LASIK.
