The registration fee includes access to all sessions; continental breakfast, breaks, lunch; and access to downloadable handouts from the UT Health San Antonio CME website. Hard copy handouts will NOT be available.

The Office of Continuing Medical Education reserves the right to limit enrollment and cancel any course no less than one week prior to the activity. Should circumstances make this necessary, your registration fee would be refunded in full. If you must cancel, the registration fee will be refunded less a 25% handling charge (of the registration fee you selected) if notice is received by June 29, 2018. Cancellations received after June 29, 2018 will not be refunded.

• State of the art in hypertension management
• Management of acute coronary syndromes, sudden cardiac death and stroke in kidney patients
• Hypertension and statin therapy in heart and kidney disease
• Rising creatinine in heart failure management is it always bad?
• Preventing sudden cardiac death in renal patients

CONTINUING MEDICAL EDUCATION

The Long School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Long School of Medicine designates this live activity for a maximum of 16.4AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Healthcare professionals will receive a certificate of attendance/participation and should consult with their licensing board for information on applicability and acceptance.

CONTINUING NURSING EDUCATION

The University of Texas Health Science Center at San Antonio is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

TEXAS MEDICAL BOARD - ETHICS

This presentation meets the Texas Medical Board criteria for formal continuing medical education involving the study of medical ethics and/or professional responsibility.

EVENT INFORMATION

COURSE DESCRIPTION

This activity is a unique meeting bringing together clinicians and scientists to explore the complex relationships between the heart and kidney. The interplay between the kidneys and the cardiovascular system is complex. The close relationship of renal function and cardiac function has given rise to the concept of renal-cardiovascular syndromes. This interplay extends beyond these syndromes and manifests itself in the form of hypertension, metabolic syndrome, and peripheral vascular disease. With the epidemic of obesity, diabetes, and aging of the United States population, physicians will continue to face a growing number of patients with renal and cardiovascular disease. This interprofessional CE program will serve to foster education and discussion about the intersection of these two pathophysiologic systems.

COURSE DIRECTORS

Anand Prasad, MD, FACC, FSCAI, RPVI
Professor of Medicine
Director, Critical Care Cardiology
University of Virginia Health System
Freeman Heart Association
Endowed Professor in Cardiovascular Disease
Director, Cardiovascular Intensive Care Unit
Associate Professor of Medicine
University of Virginia
Director of Critical Biometrics
Department of Medicine
Division of Cardiology
UT Health San Antonio

Shweta Bansal, MD, FASN
Clinical Associate Professor of Medicine
Director, Nephrology Fellowship Program
Chair, Institutional Review Board 2
Department of Medicine
Division of Nephrology
UT Health San Antonio

LEARNING OBJECTIVES

• In depth exploration of the interactions between obesity, diabetes, heart and kidney disease
• Dietary management of heart and kidney patients
• Updates on peripheral vascular disease in kidney patients
• Understanding the renal risks associated with contrast dye administration
• Do we need to protect the kidneys in dialysis patients?

FEATURED SPEAKERS

Amir Inan, MD
Assistant Professor
Director, Heart Failure Program
VA Medical Center
Department of Medicine, Division of Cardiology
University of Minnesota
Minneapolis, MN

Urman Baber, MD
Director of Critical Biometrics
Assistant Professor of Medicine
Cardiovascular Institute
University of Minnesota
Minneapolis, MN

Hilinder Gurm, MBBS
Professor of Medicine
Division of Nuclear Cardiology
University of Chicago Medicine
Chicago, IL

William L. Henrich, MD
MACP
President and Professor of Medicine
UT Health San Antonio

Sue Fishcer-Hock, MD
Professor of Epidemiology
Epidemiology, Genetics & Environmental Health Program
University of Michigan
Ann Arbor, MI

Joseph B. McCormick, MD
James H. Steval, DVM,
Professor & Regional Director,
Brownsville Campus Region
University of Texas Health Science Center at Houston
Houston, TX

Biff F. Palmer, MD
Professor of Internal Medicine
University of Texas Health Science Center at Houston
Dallas, TX

Fadi Saab, MD, MACC,
FACC, FSCAI
Chief Operating Officer,
Advanced Cardio and Vascular Arrhythmia Prevention Centers
MetroHealth, University of Michigan
Cleveland, OH

Roberto Treviño, MD
Assistant Professor
Department of Medicine
University of Texas Health San Antonio
San Antonio, TX

Hilfiker-Ackermann, MD
Director, Haemodialysis Unit
University of Miami
Miami, FL

Christine Lumachi, MD,
Ph.D., FASN, LD
Assistant Professor of Clinical Medicine
Division of Nephrology
UT Health San Antonio

Jayeere Pillarotti, MTC,
MD
Assistant Professor of Medicine
Division of Nephrology
UT Health San Antonio

S. Virginia Brown, MD
Professor of Medicine
Department of Medicine
University of Texas Health Science Center at Houston
Houston, TX

W. Brian Reeves, MD
Professor of Medicine
University of Texas Health Science Center at Houston
Houston, TX

Robert J. Chilton, DO,
Professor of Medicine
Director of Cardiorenal Lab/Endocrinology
University of Texas Health Science Center at Houston
Houston, TX

Sun Cunningham, PhD,
RD, LD, CD, FAND,
US Army Retired
Assistant Professor of Medicine
UT Health San Antonio

Kumar Sharma, MD
Professor of Medicine
Department of Medicine
University of Texas Health Science Center at Houston
Houston, TX

Chandan Bhattarai, MD,
FACP,
FACC
Assistant Professor of Clinical Medicine
Division of Nephrology
University of Texas Health Science Center at Houston
Houston, TX

Rushit Kanaka, MD
Assistant Professor
Department of Medicine
Division of Cardiology
UT Health San Antonio

Michael Langlois, DPM
Assistant Professor/Clinical Department of Podiatry Medicine
Division of Podiatric Medicine
UT Health San Antonio

Christianne E. Fox,
PhD, OD, RDN, LID
Assistant Professor/Clinical Department of Podiatry Medicine
UT Health San Antonio

AGENDA

FRIDAY JULY 20, 2018

7:00-7:45 BREAKFAST

7:45-8:00 Welcome Address

8:00-8:25 Epidemic of Obesity in South Texas: Is a Sign of Things to Come for the University?
Joseph B. McCormick, MD

8:25-8:50 State of the Art: Diabetes Management with Respect to CVD and CKD in 2017
Alyce DeRosa, MD

Jayeere Pillarotti, MTC,
MD
Assistant Professor of Medicine
Division of Nephrology
UT Health San Antonio

8:50-9:15 Dyslipidemia and statin therapy in heart and kidney patients
Karima Brown, MD

Rushit Kanaka, MD
Assistant Professor
Department of Medicine
Division of Cardiology
UT Health San Antonio

2:35-2:55 Prediction, Prevention, and Outcomes of AKI in the Cath Lab
Joseph B. McCormick, MD

3:00-3:20 Break

3:20-3:55 Renal Implications of Transplantation: Aortic Valve Replacement: JD, CKD, ESRD
Michael Langlois, DPM

8:00-8:25 Hypertension in Heart and Kidney Disease
Srinivasan Beddhu, MD

3:55-4:20 Session Chair: Dr. Shweta Bansal

4:20-4:40 Hemodialysis for Patients with Complicated Diabetes
Shweta Bansal, MD

10:00-10:20 BREAK

1:00-1:20 History of Diabetes Mellitus and Prevention
Anand Prasad, MD

4:40-4:50 My Patient is Already on Dialysis: Do I Still Need to Worry about Protecting the Renal-Cardiac Patient?

1:20-1:50 Acute Kidney Injury Follow-up Therapy for the Initial Post-Annual Dose
Michael Langlois, DPM

1:50-2:10 Nutrition: Does Dialysis Induce AKI Really Exist?

2:10-2:25 Prevention of AKI

2:25-2:45 How Do You Always Take a Blood Pressure? A Morning Perspective

2:45-2:55 Break

7:45-8:00 Welcome Address

8:00-8:25 Newest Blood Pressure Guidelines
Srinivasan Beddhu, MD

8:25-8:40 State of the Art: Diabetes Management with Respect to CVD and CKD in 2017
Alyce DeRosa, MD

8:40-9:05 Why is Volume Overload Bad?
Shweta Bansal, MD

9:05-9:30 Dietary Salt and Hypertension: When Do We Still Tell Patients?
Sanjay Mehta, MD, MACP

7:30-7:50 Session Chair: Dr. Shweta Bansal

7:45-8:00 Welcome Address

8:00-8:25 Latest on Statin Play in Heart Disease
Srinivasan Beddhu, MD

8:25-8:40 Unraveling the Riddle of the Other...in the Cocktails
William L. Henrich, MD

8:40-9:05 Why is Volume Overload Bad?
Shweta Bansal, MD

9:05-9:30 Dietary Salt and Hypertension: When Do We Still Tell Patients?
Sanjay Mehta, MD, MACP

3:10-3:30 BREAK

3:30-3:55 Renal Implications of Transplantation: Aortic Valve Replacement: JD, CKD, ESRD
Michael Langlois, DPM

3:55-4:20 Session Chair: Dr. Shweta Bansal

4:20-4:40 Hemodialysis for Patients with Complicated Diabetes
Shweta Bansal, MD

10:35-11:00 Increased Serum Creatinine during Acute Heart Failure? Ask It Anyway!
Steven Coca, DO, MS

11:00-11:25 Does An Acute Volume State: From AP to Plasma Volume Measurement Tools
Shweta Bansal, MD

5:05-5:25 Session Chair: Dr. Shweta Bansal

5:05-5:25 My Patient is Already on Dialysis: Do I Still Need to Worry about Protecting the Renal-Cardiac Patient?

5:25-5:45 BREAK

6:00-8:00 Dinner Theater Sessions - Overcoming Adverse Outcomes with Four Remarkable Physicians
Ric Kleiner, MD, Sue Fairbank, MD, Mark Roberts, MD, Charles Volesky, MD

6:00-8:00 Dinner Theater Sessions - Overcoming Adverse Outcomes with Four Remarkable Physicians
Ric Kleiner, MD, Sue Fairbank, MD, Mark Roberts, MD, Charles Volesky, MD

11:25-11:45 Session Chair: Dr. Shweta Bansal

11:45-12:15 BREAK

12:15-12:50 National Kidney Disease Trends from Cardiological Interventions
David Brown, MD, MS
